

AVILA INSTITUTE of GERONTOLOGY, Inc.

**Emergency Management for Healthcare Facilities
Customizable Manual on CD-Rom**

The Emergency Management for Healthcare Facilities Manual is a Customizable CD-Rom developed by Russell Phillips & Associates, LLC based on 30 years of experience in disaster management with a focus on long-term care issues. The CD-Rom works as a template for long-term care facilities and allows them to design specific safety and emergency procedures

for their facilities. There are step-by-step footnotes to walk everyone through the procedures. It makes it very easy to modify all information to fit the needs of individual facilities based on their resident acuity level, staffing and risk factors. The manual is available for individual purchase for \$395.00 plus \$5.00 for shipping and handling.

For more information about the manual please call Sr. M. Peter Lillian Di Maria at 518.537.5000.

Emergency Management Manual Order Form

Fire Safety and Emergency Management for Healthcare Facilities Manuals can be ordered individually for **\$395.00 plus \$5.00 for Shipping & Handling**. If you would like to receive the manual without attending the seminar use this ordering form. If you wish to attend the seminar the cost is \$50 plus \$395 for the CD-Rom. You can register for the seminar using the seminar registration form. If you do not have it please contact us or download it from www.avilainstitute.org.

Disclaimer

This conference is intended for educational purposes only. It is not a substitute for formal medical training in one of the health care professions, nor is it a substitute for professional medical advice. For additional information you are encouraged to consult a health care professional. This course and the accompanying CD-ROM / Manual are not intended to provide site-specific emergency management plans. Each facility is required to have site-specific emergency management plans and must customize them on their own.

Avila Institute of Gerontology, Inc. can confirm the receipt of your order before shipment.
