New Approaches to Memory Care: Chatbots and AI

Presented by Dr. Philip McCallion, PhD, ACSW

Memory aids are a well-established approach to the maintenance of still retained and valued memories for people with dementia and their caregivers. New developments in the use of chatbots and artificial intelligence are offering new ways to deliver and expand such interventions.

The presentation will provide examples of newly developed memory interventions, how the person's own memories are used as building blocks, and how virtual "guardrails" are developed to ensure safe spaces. The presentation will close with questions to ask when considering implementing chatbot/AI supported care.

**1.0 CEU available for Nursing Home Administrators.*

New Approaches to Memory Care: Chatbots and AI

Live Webinar • Friday, December 12, 2025 from 1:00 – 2:00 PM ET

Registration

\$35.00 per person

Register online at our website, www.avilainstitute.org.

Learning Objective

Following this presentation, participants will be able to:

- Identify how emerging technologies such as chatbots, and artificial intelligence can expand and personalize memory interventions.

Credit Information

Nursing Home Administrators

This program has been approved for Continuing Education for 1.0 total participant hours by NAB/NCERS—Approval #20261211-1-A117413-DL.

Please contact Alyssa Di Maria at 518-537-5000 for further information.

REFUND POLICY: Cancellation and refund requests must be made in writing (mail or email) and must be received seven days prior to the event to be eligible for a full refund. If a request is made after this date, a credit voucher will be issued to be used toward a future AIG event. The voucher expires within one year of the cancellation.

AIG regrets that refunds will not be given for no-shows. Substitutions are accepted without penalty and must register for the event, noting whom they are replacing.

Please send all cancellation and substitution requests to support@avilainstitute.org.

EVENT CANCELLATION POLICY: The Avila Institute of Gerontology reserves the right to cancel any scheduled event due to unforeseen circumstances at any time.

DISCLOSURES: This educational activity does not include any content that relates to the products and/or services of a commercial interest that would create a conflict of interest. There is no commercial support being received for this event.

MEET THE PRESENTER:

Dr. Philip McCallion, PhD, ACSW

Philip McCallion, PhD, ACSW, is professor and director of the School of Social Work within the College of Public Health at Temple University. His research advances evidence-based interventions in health promotion,

falls reduction, caregiver support, dementia management and service system redesign.

Dr. McCallion is co-founder/co-principal investigator/co-applicant of the Intellectual Disability Supplement to the Irish Longitudinal Study on Aging, and co-investigator on longitudinal studies of dementia in persons with Down syndrome. Dr. McCallion is visiting/adjunct professor at Trinity College Dublin, a John A. Hartford Foundation Social Work Faculty Scholar and Mentor, and a fellow of the International Association for the Scientific Study of Intellectual and Developmental Disabilities and of the Gerontological Society of America.

Serving on international consensus panels and the board of the National Task Group on Intellectual Disabilities and Dementia, Dr. McCallion is the national consultant on intellectual disabilities and dementia for the U.S. National Alzheimer's and Dementia Resource Center.

To register and for further information, go to our website www.avilainstitute.org or email support@avilainstitute.org.
